## Product End of Life Notice

**Product:** Pharos PS20 network terminal series  
**Part Number:** PNTD-PS20XX (includes PNTD-PS20CS and PNTD-PS20MF)  
**Affected Regions:** Worldwide  
**Notice Date:** May 31<sup>st</sup>, 2007

**Product:** Pharos PS4500 add value station series  
**Part Number:** PNTD-PS4XXX  
**Affected Regions:** Worldwide  
**Notice Date:** May 31<sup>st</sup>, 2007

Effective immediately, Pharos Systems will no longer offer the PS20 network terminal series and PS4500 add value station series. Resellers affected by this change should review their current opportunities and quotations with their Pharos Business Development Manager. Please contact your Pharos Business Development Manager to discuss recommended replacements as no orders for the PS20 or PS4500 devices can be fulfilled.

Pharos Systems will continue to support existing customers using PS20 or PS4500 devices; this support will be limited to the "Mature Support" level<sup>1</sup>. No new firmware updates will be produced for either device.

Devices similar to the PS20 and PS4500 devices may still be offered by different vendors using a different product name. These devices are not supported by Pharos and will likely not function with the Pharos solutions.

Pharos Systems has an exciting range of alternative options that supersede the PS20 and PS4500 devices. Please contact your reseller or Pharos Business Development Manager to learn more about these products.
